Vehicle overview

Vans

The Vans are flexible, compact and perfect for a short trip up to four people. They have a kitchenette, but no bathroom with shower and toilet.

Fully-integrated

Lots of space to recover from daily life and to relax with a larger living area what makes them perfect for a longer trip with up to four people.

Campervan

In small space campervans offer the same comfort as a motorhome. Models with a pop-up roof have space for up to four people.

Overcabs

The classic motorhome design offers additional sleeping berths above the driver's cab and space for up to five people.

Semi-integrated

Semi-Integrated vehicles are elegant and manoeuvrable, what makes them the ideal vehicle for a city trip for up to four travellers with or without a pull-down bed.

All of our motorhomes are fabricated by one of Europe's finest motorhome manufacturers and Erwin Hymer Group partners like Dethleffs, Sunlight, Crosscamp, Hymer, Bürstner, LMC and Eturco.

ERWIN HYMER GROUP

Vehicle group

Urban

Our Urban Group is ideal for a short trip. The side and driving feeling of the campervan is similar to a van. Campervans are smaller than motorhomes but have a lot of storage space. The vehicles are perfect for active travellers who want to travel a lot at the holiday destination. Depending on the model, they offer space for two or four people.
